HCLC-Nepal Orphanage

Background:

Nepal came through more than 10 years of the Maoist insurgency, conflicts, and civil war. The conflict claimed thousands of lives. The consequence is thousands homeless, numerous children became dis-placed as they were stolen and carried to Kathmandu or forced to become as enslaved and brainwashed child Maoist fighters, and many more children have been orphaned and forced into child labor in hotels, transportation, and other places and are now deprived of their Nepali Child Rights of food, health and education.

The most important thing is for these children and all people to be saved spiritually through the Gospel of Jesus Christ.

Introduction:

The story abovementioned put a burden on us and the Lord gave us vision for those children who are in need of food, education, health and care of a family. We prayed a lot and our gracious heavenly father answered us with "yes, start." So we came to start this HCLCN orphanage to help the children in need. We have started orphanage by faith and we are confident that the Lord will provide the necessities for the children.

These orphans are directly under our care and living with our family and we are actively them to the Christian faith and life. The Lord is blessing them abundantly and they are progressing in their education.

We are determined to serve these children and show them our Lord's love and care for them.

To date we have 7 Children and they are from different locations (rural areas) of Nepal and also from non-Christian family backgrounds. They are happy to be with us and as they are also growing in faith we ask you (our beloved brothers and sisters) to pray for them and for us as well that we can keep them in faith and teach them and build them in our Lord God.

Goals and Objectives:

1. To show the compassion of our Lord to these needy children.
2. To teach and lead them to be a faithful Christians and leaders in future.
3. To assist more needy children in the future

Prayer Requests:

1. Children's health, education and strengthen their faith in Christ
2. Wisdom and effort that we can care them and guide them.
3. Funds for the orphanage.
4. We want to add 3 more orphans next year 2012 and we may need more funds for them
5. For a long term we need to build orphanage.

1) Lemaya Tarung Magar Age: 9 yrs Sex: F
